

RMS-Rutland Boys & Girls Club 'Club 355'

Okanagan
Boys & Girls Clubs

A good place to be

The Rutland Boys & Girls Clubs is excited to bring back the 'Club 355' program in partnership with Rutland Middle School beginning September 27, 2019. This lunch hour program is geared towards **grade 6 students** and will run **every Friday** from **12:24-12:59pm in Mr. Peters' portable (portable 3)**. Each month we will be exploring different educational games and activities through group interaction and teamwork. The topics will include 'Engineering Structures' and 'Science

Experiments'. Our intention is to follow a program called STEAM, which is a Boys and Girls Club program that follows the STEM program with the addition of an "artistic" element.
